Additional information

Please state your reasons for intervening in this proceeding:

Corix fee is over 30% of our already large strata fee. Corix fee is already on an projection to rise every year. Without any details and reviews the cost can easily be passed down to our community which is forced to use their services.

Please state how you are directly or sufficiently affected by the Commission's decision in this matter; or describe your experience, information, or expertise relevant to this matter that would contribute to the Commission's decision making:

Our building's strata fee is already high due to increasing strata insurance premium, security breach, and high operating cost. We do not have the budget to pay even higher charge to Corix.

Please list the key issues you intend to address in the proceeding:

We would like to oppose the fee increase.
