Re: Corix Multi-Utility Services Inc. – Burnaby Mountain District Energy Utility 2020-2023 Revenue Requirement and Rates Application – Project No. 1599123 – Confidentiality

Dear Mr. South:

On July 30, 2020, Corix Multi-Utility Services Inc. (Corix) submitted an application seeking British Columbia Utilities Commission (BCUC) approval of its Burnaby Mountain District Energy Utility (BMDEU) revenue requirements and rates from 2020 through to 2023, effective September 1, 2020 (Application). The Application contains a financial model and a Biomass Supply Contract that was filed confidentially as Appendix A and Appendix B, respectively, in the confidential version of the Application.

In accordance with section 18.01(b) of the BCUC Rules of Practice and Procedure (Rules), “[i]f a party wishes to keep confidential any information in a document filed in any matter before the BCUC, in addition to the document, at the time of filing, the party must file ... a proposed redacted version of the document that the BCUC may make publicly available, where possible.”

The Panel notes that Corix did not provide a redacted version of the document in accordance with the above Rules, therefore the Panel requests Corix to provide a public version of the confidential financial model and the confidential Biomass Supply Contract filed as Appendix A and Appendix B to the Application, if possible. If a public version of the requested documents cannot be provided, please explain any difficulty and challenges of doing so. **The Panel requests Corix to respond to this request by no later than Tuesday, October 13, 2020.**

Sincerely,
