## Additional information

**Please state your reasons for intervening in this proceeding:**

- Federated Co-operatives Limited (FCL) is a wholesaling, manufacturing, marketing and administrative co-operative owned by more than 160 independent local co-operative associations. These local co-ops own and operate agro centres, food stores, gas bars/convenience stores and home centres. Working together, FCL and local retail co-operatives form the Co-operative Retailing System (CRS), which helps build, feed and fuel individuals and communities from Vancouver

Island to northwestern Ontario and into the Arctic. FCL also operates in upstream and downstream energy sectors by exploring and developing oil resources with a focus on refining, distributing and marketing fuels and lubricants for the Co-operative Retailing System (CRS). • We support Parkland’s request and are fully committed to participating in the Parkland Corporation - Request for Advance Ruling on Confidentiality for Fuel Price Transparency Act Reporting Submissions. The FPT Regulations, which have established the reporting requirements for fuel importers, wholesalers, terminal owners/operators, and suppliers of retail dealers (responsible persons), will directly affect FCL.
