## Additional information

**Please state your reasons for intervening in this proceeding:**

G&B Fuels, Inc. supplies and transports fuels to retailers and commercial entities throughout western Canada. As such, G&B Fuels Inc. is required under the Regulations and the Act to report data to the BCUC beginning November 1st, and shares the concerns raised by Parkland in the above proceeding.

**Please state how you are directly or sufficiently affected by the Commission's decision in this matter; or describe your experience, information, or expertise relevant to this matter that would contribute to the Commission's decision making:**

As a wholesale purchaser and importer of fuel as defined by the Regulations, G&B Fuels will be required to disclose highly sensitive information. Further, as a relatively small market participant, our company not only has a negligible effect on the street price, but as well values and depends on the relationship with it's retailers and the large producers and wholesalers. Publication in the detail described by the Regulations would greatly harm G&B's participation in the B.C. market which is counter-intuitive to fair competition from which the public benefits.

**Please list the key issues you intend to address in the proceeding:**

The key issues for G&B Fuels include but not limited to those previously submitted relating to the confidentiality of commercially sensitive data.
