Attention: Marija Tresoglavic, Acting Commission Secretary

Dear Ms. Tresoglavic:

**Re: Corix Multi-Utility Services Inc.  
Burnaby Mountain District Energy Utility 2020-2023 Revenue Requirement and Rates Application  
Request for an Extension to Corix’s Response to Information Request No. 1 Deadline**

---

The British Columbia Utilities Commission (“**BCUC**”) issued Order G-220-20, dated August 19, 2020, which established a regulatory timetable for the review of the Burnaby Mountain District Energy Utility (“**BMDEU**”) 2020-2023 Revenue Requirement and Rates Application.

Corix Multi-Utility Services Inc. (“**Corix**”) respectfully requests an extension to the deadline for Corix to respond to BCUC and Intervener Information Request (“**IR**”) No. 1 from Wednesday, December 16, 2020 to Wednesday, December 23, 2020. Corix is a registered intervener in the BCUC TES Guidelines Review proceeding which requires submissions from proceeding participants no later than Thursday, December 17, 2020 as per the Regulatory Timetable contained in Order G-259-20. The BCUC TES Guidelines Review includes matters relevant to thermal energy utilities of which BMDEU is a thermal utility. With the vast number of proceeding participants in the BCUC TES Guidelines Review proceeding it would be unreasonable for Corix to request an extension to the deadline for submissions. With these competing deadlines and limited resources Corix requires additional time to respond to the BCUC and intervener IRs in this BMDEU application. If approved, a deadline extension to December 23, 2020 will not impact the remainder of the regulatory timetable for this proceeding.

All of which is respectfully submitted,

**Corix Multi-Utility Services Inc.**
