**Comment:**

I have been coming up to our family cabin for 30 years. It is paradise and I am so happy that my kids now get to be a part of it. We have been hoping to get power to the cabin for sooo many years and are thrilled that we are closer than we have ever been before. It would be so lovely to be able to turn a light on with the flick of a switch instead of having to go outside to the shed, turn on the generator, come back inside, and then turn the light on. In today's age it seems very odd that there is no power to such a beautiful community!!
