**Comment:**

Dear Commission Secretary: My wife, Mary, and I purchased this property in 1971 and we scraped up enough money for a down payment. The property was bare land. Since then we have spend every summer making improvements like a small cabin and a dock. Everything was carried there including propane and lumber etc. We have two daughters which grew up there and each have two kids which also love being there. We do not intend to sell this property any time soon. Electricity would be a great help in storing food and having toast in the am. Mary and I are approaching 80 years of age and it would be nice to have the luxury of electric lighting in the evenings. We are shareholders in C B Power. Best regards Dale and Mary Winskowski
