Comment:

My grandparents own a cabin on Kalamalka lake. I've been going there since I was born. Even though I love the rustic vibe, I would really love to have electricity. It seems silly that we don't to be honest. Vernon is growing and is an established city so I don't understand why we can't be included when we can see the houses on the opposite side of the lake with electricity it's not that far away from us! We're not in the middle of nowhere! We are respectful of the land and nature. Thank you for taking the time to read this.
