Email: thackney@shaw.ca

Phone number: 250-381-4463

For organizations only - representative contact information

Name: William Andrews

Organization (if different from above):

City: Guelph

Province: Ontario

Email: william.j.andrews01@gmail.com

Phone number: 6043130089

Also representing (if applicable):

Additional information

Please state your reasons for intervening in this proceeding:

BCSEA is a registered charity and a non-profit association of citizens, professionals and practitioners committed to promoting the understanding, development and adoption of sustainable energy, energy efficiency and energy conservation in British Columbia. BCSEA supports the province's transition to a lower-carbon economy. BCSEA has four chapters across B.C. and approximately three hundred individual and organizational members (including businesses, NGOs, community organizations, local governments). Many of BCSEA's members are ratepayers of one or more of BC's energy public utilities. BCSEA represents individuals and organizations in BC who care about energy sustainability and climate change mitigation, and who want the energy they purchase and use to be sustainably produced and transported.

Please state how you are directly or sufficiently affected by the Commission's decision in this matter; or describe your experience, information, or expertise relevant to this matter that would contribute to the Commission's decision making:

Members of BCSEA are ratepayers of BC Hydro. BCSEA's interests in this proceeding are as a non-profit public interest energy policy organization, and as a representative of its members' interests as ratepayers. BCSEA's interests in the proceeding are indicated by their participation in the BCUC proceedings concerning BC Hydro's successive revenue requirements applications since F2007-F2008.

Please list the key issues you intend to address in the proceeding:

The issues BCSEA intends to pursue during the proceeding include: areas of increased O&M spending, low-carbon electrification program, Electric Vehicle charging stations, load forecast, Technology Strategy and 5-Year Plan, performance metrics, DSM annual report, GRR annual report, proposed F2022 rates, in-scope aspects of the Site C project, and other issues to be determined.

For administrative purposes only

Do you intend to participate fully, including attendance at hearings and submission of evidence or information requests, if applicable?: Yes

Do you intend to request PACA funding? This does not impact your ability to participate: Yes

Have you or your organization web-registered as an intervener or interested party in the past 12 months?: Yes
