Subject: Proceeding G-313-20

Dear Ms. Tresoglavic,

Further to a conversation I had with Kristine Bienert (copied) of your office this afternoon, we are writing to request that the public notification process in proceeding G-313-20 be suspended to allow for a meeting between SSL representatives and the Commission, through which we hope the matter of SSL's compliance with Order G-213-20 can be settled. It seems, from my conversation with Ms. Bienert, that perhaps the issue is one of SSL simply lacking exact clarity on the G-213-20 directive and how that should be followed in terms of – in particular – wording on its website. SSL representatives very much want to follow the Commission's earlier directive, and we are hopeful that the meeting suggested by Ms. Bienert will provide us with the clarity to allow us to do so. We apologize for the lateness of this request in relation to the public notice date; I had been trying to reach Ms. Bienert by phone and voicemail for a couple weeks before realizing that she was not receiving my messages and instead emailing her late last week.

Please let me know if you require anything further at this time.

Best regards,

Lisa
