BC Utilities Commission,

We cannot wait to build site C dam until British Columbians need the power. We must build it now in preparation to meet future needs. It would be penny wise and dollar foolish to delay this construction project since so much money has already been spent on it. To delay it now would be foolhardy and would be a tremendous waste of taxpayers dollars let alone the jobs that would be lost. Please consider the future needs of British Columbians. Thank you. Al Harrison, [REDACTED]
