---

Dear British Columbia Utilities Commission,

I am for the construction of the dam. The energy produced will be clean ! No carbon or nuclear waste to deal with. We as a society need to moving toward clean energy to stop pollution and global warming. We need to be headed for electric and pressurized air cars and transportation. To do this we need clean energy. I am for the dam.

Thank you for your consideration.  
george lewis

Sincerely,  
George Lewis
