Dear British Columbia Utilities Commission,

Dear Stand Earth...I am not in favour of wasting money already spent on this project...

We will require additional power...only 1% of our vehicles have changed over to electric at this point in time...an avalanche of change is coming...and we will need more power...

I am in favour of alternate sources of power...but I am not in favour of wasting tax payer money...

This project should proceed...

Thank you for your consideration.

Sincerely,
Dave Vogel
