Dear British Columbia Utilities Commission,

This project must be stopped now, before any more of our money is wasted. It has been shown time and again that we do not need this extra hydro.

The destruction of pristine land for farmers, Indigenous peoples and animals is a disgrace, all in the name of money for the last government and Hydro.

Please put an end to it now. The damage already done is so sad. Enough already!

Thank you for your consideration.

Sincerely,
Greta Jansen
