Dear British Columbia Utilities Commission,

Thank you for standing strong with reality.
Please reject the Site C Dam. We do NOT need this power.

There are better alternatives through investing in renewable energy. The BC NDP's own Power BC plan lays out how we can create more jobs and better value.

LNG Plants are a no go...
BC must not support the horrific oil sands by using this power in Alberta...
California won't buy because they are focusing on renewable energy...

The financial costs of continuing with construction are just too high. Cancel the dam.

The project does not have the consent of the Treaty 8 First Nations.

The Site C Dam is clearly not in the public interest. Please recommend to the BC Government that this project be canceled.

Thank you for actually standing strong.

Sincerely,
Marsha Batchelor
