Dear British Columbia Utilities Commission,

I urge you to carefully consider the impact any decisions or actions regarding this issue will have.

From the beginning I have felt that this project is flawed and unnecessary and likely to be a massive financial burden for the province.

Please reject the Site C Dam. The project has serious financial and environmental problems, and runs counter to the goal of seeking reconciliation with Indigenous peoples.

The Site C Dam is clearly not in the public interest. Please recommend to the BC Government that this project be canceled.

Thank you for your consideration.

Sincerely,
Jaci Metivier
