BCUC INQUIRY RESPECTING SITE C

F 190-1

Date: September 27, 2017

Subject: Submission on Site C Dam is not an option

This is by a far something that will ruin the landscape the eco system @ large and the general beauty of nature you should feel ashamed of your self its time too fix the earth we live on and not marginalise what resources we have left we need more renewable energy and go green its about time! Don't forget what you are leaving behind

Sincerely,
Keenan Bethune
